Test is available during a 48 hour period (beginning at 8am on the scheduled test day)

You have 3 hours to complete the test. You must take the test twice during the 48 hour period. Record the date and time for each try in the space above.
Your test grade will be the average of the grades on the two attempts.

Do all your work on the paper provided in class. Show all your work for each problem on each attempt. Write neatly.

Do not use notes, study plan exercises, the book or any other references (that includes friends). Take the test exactly as you would in class.

You must turn in the worksheets and the cover sheet at the next scheduled class. If you do not hand in the worksheets and the cover sheet, your grade for the test will be 0. If you hand them in late, 10 points will be subtracted from the calculated average of the two test attempts. Worksheets submitted more than 7 days after the scheduled test day will not be accepted and a 0 will be recorded for that test.
