How to use zoological roots flash cards:

First, I would like to acknowledge the generosity of Jeff Cox (spring 09) for creating these flashcards for us. Thank you Jeff! OK, so the first 16 pages have the roots and the second 16 pages have the meanings. It is in a word document. I am inclined to leave it in that format so that you may edit it if you wish. Jeff wrote “I actually used the Avery business cards template (8371) so if anyone wants to get fancy, they could buy the Avery perforated business cards at Office Hut or Circuit Shak or some such place... (I just used a pair of scissors, myself).” Good luck and let me know how this goes. Lata. Dr. J
